Scribner's Writer Series

Provide access to 1,600 original and detailed bio-critical essays on the lives and works of important authors from around the world. Now students, faculty and other researchers can access these literary references with flexibility and simplicity. Each entry averages 15-20 pages in length and includes a concise essay, hyperlinks for cross-referencing, a citation and biographical information that places the author's work in personal and historical context. Many authors in the *Scribner Writers Series* are seen from multiple perspectives through two, three or sometimes four essays.

DID YOU KNOW?

This series is designed to work the way students conduct literary research, therefore, students can go directly to an entry on a specific author, combine search criteria for a much more complex search, or explore thematic and chronological topics to make connections among writers.

Literature Resource Center

Literature Resource Center presents literature in all its dimensions and provides users with multiple points of departure for the broadest possible research. With its intuitive interface, *Literature Resource Center* lets users explore biographical and critical information, historical context, social implications and much more — all in a single search query. In addition to biographical, bibliographical and contextual information from the *Contemporary Authors*® and *Dictionary of Literary Biography*® databases, students and researchers can access full-text criticism from the *Contemporary Literary Criticism*® *Select* database and selected criticism from other titles in Thomson Gale's *Literature Criticism* and *For Students* series.

DID YOU KNOW?

Literature Resource Center includes a homework-helping Research Guide that introduces students to literary research and provides tips on developing a paper.

Twayne's Authors Online

Offers in-depth introductions to the lives and works of writers, the history and influence of literary movements and to the development of literary genres. This online series features the content of nearly 600 books that comprise three print series — *United States Authors*, *English Authors* and *World Authors* — each of which were carefully coordinated with input from librarians and educators to include authors universally studied in high schools and colleges.

DID YOU KNOW?

Twayne's Author Series is an ideal starting point for research papers on literary works and figures, special projects and presentations. Students can quickly gain results by searching for a specific author, combining search criteria for a more complex search, or exploring thematic and chronological topics.

Health & Wellness Resource Center with Alternative Health

Who is at risk for osteoporosis? Are antioxidants really effective? What new drugs are being developed to treat AIDS? These and many other health-related questions are on the minds of students and general researchers and they are answered with access to more than 900 top medical journals and periodicals, a broad collection of reference titles, and related links and articles. Also included is the *Alternative Health* module, a nice compliment to *Health & Wellness Resource Center* that displays additional information on topics such as herbal remedies, yoga, homeopathy, midwifery, chiropractic and more.
